6. Planning Applications

Skogholm, Hascombe Road, Godalming, Surrey
WA/2018/0388

The following comments were approved at the meeting with alterations to the last two sentences subsequent to the meeting:

This application is the culmination of a type of planning law evasion which is sadly only too easy to achieve behind the high gates and hedges of a property such as Skogholm.

Seemingly all you have to do is get planning permission for a garage/store, build a small cottage instead, wait four years and hey presto.....you can claim it is all completely legal.

Busbridge Parish Council is quite certain that the other residents of Hascombe Road would be most unhappy if all planning law was repealed leading to a free for all of infill building. The housing density on the road would double and it would soon cease to be a sought after place to live.

It is most unfortunate that the owners of Skogholm appear to be able to rely on the time limit for enforcement action to circumvent and make a mockery of planning law.

Whilst not shown on any of the plans submitted, the so called garage in question is stated to be connected by "a porch" to the annexe already built. If combined and since there are already two double gates providing access to

the road the annexe and garage could easily become a more substantial separate property in their own right.

The two, relatively new sets of double entrance gates immediately next to each other also beg the question; did these have planning permission? The parish council is confident that if we had received such a planning application we would at least queried the need for two sets of gates immediately adjacent to each other.

We ask that WBC checks their records about the gates and if necessary takes appropriate enforcement action. Furthermore, if WBC is unable to prevent the application for lawfulness that at least it takes steps to prevent the garage/dwelling being split off and sold as a separate property.

7. Changes to the procedures for submitting the Annual Governance and Accountability Return, (AGAR)

The Clerk informed the meeting about changes in the submission of the Annual Return, now called the AGAR. For small parishes, such as Busbridge where both income and expenditure are below £25000 for the year, we can submit a Certificate of Exemption. This means that the parish council will not be required to submit its AGAR to the external auditor. Instead, the internal audit report, the AGAR and bank reconciliation will be posted on the council's website and noticeboards.

It was agreed that the Certificate of Exemption should be signed and submitted to the external auditor, proposed by Cllr Long and seconded by Cllr Graves.

8. Hydestile Crossroads Conservation Area : update

The Chair reported that the majority of residents were in favour of establishing a conservation area at the Hydestile Crossroads and the work will go ahead.

9. Tuesley Farm update

Concern was expressed over the number of polytunnels, erected this year. It was also noted that this year's polytunnel siting protocol is not visible on the WAB website.

10. Future shape of Busbridge Parish Council: pre warning letter to electors and time scale.
